

This club is offered at no charge, but is a PARENT/CHILD course. A parent will be required to assist with at least one class or workday during the session in which his/her child is enrolled.

Session One: (Thursdays) March 21, 28, April 4, 11

Workday: Saturday, April 6 (9am-2pm)

Grades: 2nd and 3rd

Time: 4-5pm

This session will consist of mainly indoor garden preparation. We will learn about plant needs, plant parts, decomposition, pollination, and plants we eat! Our last class will move outside so we can plant our seedlings and set up the garden.

Session Two: (Thursdays) May 9, 16, 23, 30

Workday: Saturday, May 18 (9am-2pm)

Grades: 4th and 5th

Time: 4-5pm

This session will be held in our new garden! We will learn about botany, the water cycle, insect and plant relationships, and basic agriculture. Our produce we grow will be offered on "Fresh Food Fridays" in the school cafeteria!
