

Shaul PTO Meeting Minutes

November 14, 2019

I. President's Report

- Thank you to the Fall Dance Committee and Boys Night Out Committee. Great turn out for both events.
- November 21 and November 25 are teacher conferences. Amie Kinch will be delivering dinners for the teachers.
- Karen Skocznski has put together a Rubik's Cube Club for 4th and 5th graders.
- Jessica Dunn – Treats-4-Troops. We have 10 large boxes being shipped to our troops and 2 boxes will be going to USO. Thank you to all who donated.
- Math Olympiad for 4th and 5th graders. This is national math-based organization. We have 22 kids signed up. The program is being run by a CV sophomore.
- Holiday Movie Night – December 6th. We will need volunteers for this event. Details to come.
- We need two chairs for the Green Team and Family Fun Night. If you are interested, please contact the PTO for further details.
- School policy for classroom parties: Room parents can plan the food to be served during classroom parties and it does not need to comply with food allergies. Kiddos with special food needs should ensure they have a health plan on file with the school nurse. If you have specific questions on this, please contact Mrs. Raymer.

II. Principal's Report

- School climate survey has been completed. The results are school specific. The results will come back to Mrs. Raymer and will allow her to focus in on the issues for Shaul and the specific areas that need to be targeted for the school.
- Support/Report Lesson was completed the end of October. This included all grade levels - K-5. The lesson focused on when it's important to tell someone what's going on versus what's tattling.
- Future Ready Index – growth, attendance rate, graduation rates per district. We got some early PSSA data for Shaul. Raw scores went up for Shaul – proficient or advanced. Second highest in the district. Science – highest in the district. Mrs. Raymer is pleased with the gains that were made by the students. The teachers and staff at Shaul are working very hard to help the students learn and grow. You can look at the results on futurereadypa.org.
